Subject: Attn: Hyperion Air Permit

Mr. Brian Gustafson
 Administrator Air Quality Program
 Department of Environment and Natural Resources
 523 East Capitol, Joe Floss Building
 Pierre, SD 57501

Dear Mr. Gustafson,

I am a citizen of South Dakota, living in Union County. I have exercised my constitutional right by voting in favor of the

rezoning to accommodate the Hyperion Energy Center. I would encourage the DENR to approve the air permit application

for Hyperion barring any substantial negative impact on our air quality.

I believe that the citizens of Union County have expressed their desire to welcome this Energy Center into their community

by passing the rezoning with 58% voting in favor. Those who are requesting a continuance of the public comment period and

requesting additional documentation by the DENR are doing so in an effort to delay this project. This Energy Center will not

only benefit our immediate community but, I believe, will be a benefit to the State of South Dakota as well as the entire country.

I support granting this air quality permit.

Thank you for your time,

Ross Jordan
